

„Fear in the Forest!“ – No fear but fun in the school hall!

The White Horse Theatre visited our school on 28th June, 2016. The pupils of the classes 5-7 were allowed to watch the play titled "Fear in the Forest". The special thing about this theatre is that all actors, two young women and two young men between 22 and 25, come from Great Britain, so English is their mother tongue.

The main character was a girl named Josie. Josie wanted to visit her grandma, but her bicycle tyre had a puncture and as she had no pump she was not able to repair it as . So she had to walk.

On her way she found a hotel. In this hotel were three people, the hotel boss Mr Grinner, the waiter Zom and the cook Sycorax. It was a strange hotel with horrible food. The bed was hard and lumpy, so Josie went into the corner for sleep.

In the night, Mr Grinner, Zom and Sycorax came into her room. They wanted to tie Josie up, because they wanted her money, her tablet and her mobile phone. Mr Grinner, Zom and Sycorax thought that Josie was sleeping, so they searched Josie's stuff. After they had found her rucksack, the three of them wanted to drink something. There was the bottle with sleeping water for Josie, but she didn't drink it and the three robbers didn't know this. So only Mr Grinner and Sycorax drank the water and they fell asleep. Zom disappeared.

Josie called the police. Suddenly Zom came back, because he was a policeman who was sent to the hotel undercover as the police knew about the thieves and wanted Zom to grab Mr Grinner and Sycorax.

In the end, Josie continued her journey to her grandma with a repaired bike.

The play was interesting, exciting, very funny and all actors acted very well. Thank you for the great performance.
